

Argument in Favor of Measure J
Pacific School District

Every child deserves to learn in quality school facilities. Your YES VOTE on Measure J will prepare generations of our children for future success. While our teachers and staff do a great job educating local students, many classrooms and buildings in the Pacific School District are outdated and inadequate to provide students with the school facilities they need to succeed. NO other funding currently exists to upgrade these facilities.

Our children need your **YES vote on Measure J!** Although our school has been well maintained over the years, aging classrooms and facilities must be upgraded since many do not meet 21st century standards. A local school improvement measure would allow the district to continue improving the quality of education provided to local children. By investing in new facilities, we can help our students get the educational attention they deserve.

Measure J will provide funding at Pacific School that will:

- Repair or replace leaky roofs
- Modernize and upgrade outdated classrooms, restrooms, and school facilities
- Replace temporary portables with permanent classrooms

Measure J makes financial sense and protects taxpayers:

- All funds must be spent locally and cannot be taken by the State.
- By law, spending must be reviewed and annually audited by an independent citizens' oversight committee.
- Funds can only be spent to improve Pacific School, not for teacher or administrator salaries.

Measure J will upgrade and renovate old and inadequate classrooms, improve the education of local children, and maintain the quality of our community. That's something we can all support. Please join us and VOTE YES ON MEASURE J!
